

Your Members Plan

We all lead such busy lives often leaving our health at the bottom of our priorities list! Our dental health is no different and often gets missed off the list altogether. People don't visit the dentist for many reasons, anxiety, too painful, don't have time and too expensive. We cannot give you more time but we can help you with three of the most common reasons people don't go to see their dentist.

Anxiety Our approach is Calm & Gentle, helping patients feel relaxed and in control. Recommended treatment is provided at your pace in an environment where you feel stress-free.

Painful Treatment We offer the latest techniques that help reduce, if not eliminate any pain that we have historically associated with treatment at the dentist. Equipment and materials used are so advanced in comparison to years gone by!

Cost Spending money on our teeth can often seem an expense we can do without. Joining our Care Plan allows you to spread the cost on a monthly basis with no hidden fees so you know exactly how much each month you need to pay for peace of mind that all your dental needs will be catered for.
